Carseland Notes

Thrashing is finally completed. Ed Nelson was the last to go home last night, having to his credit fifty days thrashing.

There will be a football game between the two teams on Friday, November 24th. The game will be played on the field at the farm of Mr. J. W. Nelson.

The Ladies' Aid will hold its annual bazaar in the hall on Friday afternoon and evening. Lunch will be served after three o'clock.

There will be a U.F.A. meeting next Saturday evening. This will be the first meeting since the beginning of harvest. A full attendance is very much desired as much important business is to be taken up.

Several of our farmers are taking time to mow their hay.

We hope to announce next week, the date of the opening of our new school house.

Jack Jeter was visiting old friends on Sunday and Monday.

Walter Nelson and family, of Delta, were visiting in the neighborhood last week.

Miss Aldrich and Miss McNeill, from the U.C.F. convention to the U.C.F. and "others."

Mr. T. P. Phillips was appointed delegate to the U.C.F. convention to be held in Winnipeg.

The town was rendered a little more lively on Friday. The farmers may be able to empty their granaries in time for Christmas.

Red Buffers is hauling hay to the farm in his truck. He reports an advance of fourteen cents a bushel over Carseland rates.

Whatever the majority was in Alberta for choice B, Carseland still showed a dry majority.

Coming Events

On Friday, you should see the coming of the "Hills Strathmore." They're old, but they're beautiful. You'll rise the rest of your life if you miss the Grand View on Friday, November 24th. Dance to follow about 21:10.

The Christmas Bazaar under the auspices of the United Church Ladies' Aid will be held in the R. C. Cafe on Saturday, December 1st, commencing at 2 p.m. An attractive variety of goods will be displayed in the following stalls: Ardenode, Baintree, Carseland, Chancellor, Cheadle, Dalemale, Dalroy, Irricana, Keoma, Langdon, Namaka, Nightingale, Standard, Strathmore, Rockyford, Rosebud, Tudor, etc. Official organ of M. D. Keoma, No. 249.

Nightingale U.F.A. will hold a Masquerade Dance in the hall on Nov. 24, American Thanksgiving. Admission \$1.00, 5 prizes, Good orchestra. 7:10.

Ardenode is still on the map, and more active than ever. Come and see what we have to offer you in our annual bazaar on Friday, November 24th at Strathmore school house. A dance will follow and a lunch at midnight.

Thrashing is now over, so come and shake your feet for a change.

Curling Meeting

A large number of curlers attended a meeting of the Strathmore Curling Club, held in the Town Hall on Wednesday evening last, for the purpose of completing arrangements for the forthcoming season. President A. B. Foster occupied the chair.

The rink is now in shape to commence curling, all that is wanted being weather to make ice.

It was decided that from this date new members would be admitted to the club if the required number of last year's members had not joined. The number of members is now set at 10.

A long discussion took place as to the best method of selecting rinks. It was finally decided that each member should have the right to select the name of sixteen choices for ships, and the sixteen receiving the most votes would be ships for the season.

With regard to third seconds and lead men, the ships will pick rinks by rotation the order of choice being determined by drawing.

BOARD OF TRADE MEET

A meeting of Strathmore Board of Trade was held in the Town Hall on Wednesday evening. Owing to the festive meeting, the Board of Trade was slow in getting under way, and unfortunately, the president, Dr. Gilvin, was called out.

Considerable discussion took place with regard to the state of the roads, and straw was suggested as a temporary remedy for the roads which are badly rutted.

Several members volunteered to help in improving the roads, but it was finally determined to take up the matter with the Town Council, and the Municipal District. While it would be possible to collect some money by subscription among the business men, yet it was felt that some would not be willing to subscribe, and it was thought that in an undertaking of this kind where all would benefit the corporation should be equally distributed.

BRAWL COMPANY SIGNS UP WITH THE POOL

The Brawl Elevator Co. has signed a contract with the Alberta Wheat Pool for the use of its line of elevators. In the province. This makes 27 now signed with the pool.

Final Plebiscite Results G.W.V.A. Elect Officers

Clause "D" Has Huge Majority

The official count of the ballot cast in the November 2 plebiscite on the Liquor Question was commenced by the returning officers on November 15th. Most of the constituencies were able to complete the count on the first day, but in the cases of Calgary and Edmonton the count occupied over two days.

The final results show the standing of the various clauses as follows:

A	63,235
B	2,919
C	3,116
D	90,723

TOTAL VOTE 161,001

Majority of D over A 27,480

Majority of D over A, B, and C 26,405

Majority of B, C, and D over A 34,435

This accounts for all but a few scattered polls.

Glitches Constituent Returns

Mr. Frank Skene, Returning Officer, and Mr. T. M. Wears, Clerk, checked over the results in the various polls in Glitches constituency. These are given below:

Two of the deputy returning officers did not complete the return showing the number of men and women who voted but the standing of those who reported was as follows: Men 1411, women 744. Approximately two-thirds of those entitled to vote exercised their franchise.

Nakama Notes

Mr. and Mrs. D. Thompson left this district on Monday afternoon, and are taking up residence at Willow Creek, where Mr. Thompson has been appointed manager of the Geo. Lane Co. W. wish them every success.

Born to Mr. and Mrs. W. Fawkes, at Mrs. Hinchliff's Nursing Home on November 14th a daughter.

Mr. and Mrs. McKinnon, Mr. Fred Watt, Mr. H. T. Colpy and wife, Mr. Thompson, Miss Violet and Bruce Watts, and Mr. C. W. Watson were visitors to Calgary last week.

Sport model auto are becoming quite fashionable these days. They are often to be seen in our fair city.

It has been decided to form a Bridge Club for the winter months, and a meeting is being held on Wednesday evening, the 21st, at the home of Mrs. E. Lewendon, to arrange details, at 8 p.m.

Mr. E. C. Watts received on Tuesday the sad information of the death of his mother at Carville, Manitoba.

Irricana News

At their regular meeting on Tuesday evening last, held in the Municipal Hall, Strathmore G.W.V.A. elected their officers for the year 1922, as follows:

President—Jas. Gunn.

Vice-President—W. G. Kaye.

Secretary—W. G. Kaye.

Treasurer—W. S. Patterson.

Manager—James Swanson.

Executive Committee—Comrades French, Naimith, Gaudier, Mackenzie, Williams, VanTieghem.

Entertainment Committee—Comrades Naimith, Anderson, Way, Hale and VanTieghem.

Grants Committee—Comrades VanTieghem, Way, Kaye, Keeling, Price and Anderson.

A hearty vote of thanks was passed to Comrade Naimith, the retiring president, and to the other retiring officers.

Social Club to be Formed

Following on the ordinary business, an enjoyable social evening was had. Radio selections were given by a machine operated by Mr. Harold Bell and musical selections were given by the Brothers Robinson and others.

It was decided after discussion with several prominent local people who had been invited, to form a social club to function during the forthcoming winter, for the purpose of increasing the usefulness of the hall to the community.

Membership of this club will be open to ladies and gentlemen. The committee appointed to look after the details were Messrs T. E. Wright, John VanTieghem, Sid Hyde, and Comrades Mackenzie, Naimith, and Swanson.

Financial Position of the Hall

A report on the income and expenditure during the year was read by Comrade Mackenzie, and showed the hall to have considerably improved. It was a financial year during the year. The receipts from Jan. 1st to date from the hall, from dances, etc., organized by the G.W.V.A. were \$1162.76. Amount paid was \$1321.25. Donations \$407.25. Stampede receipts \$1322.32. The net result balance on Jan. 1st of \$245.25. A total income of \$13107.53. The expenditures were summarized as follows: Current \$1240.39, Chief Clerk (Ardenode) \$121.45, Capital \$121.45, \$1162.45; and the net result of the hall consisted of \$13107.53, and \$442.25 net result, totalling \$13549.78.

With regard to the hall, it has been all been met. An adjustment had to be made with the contractor with regard to extra on the building, and the committee were awaiting the return of the architect of the hall from California. The Stampede receipts had been a big help to the hall.

U. F. A. MEETING

A meeting of Strathmore U.F.A. was held in the Oddfellows' Hall on Saturday afternoon. Most of the farmers still being busy hauling grain, there was not a large turnout.

It was decided to hold a social evening some time during the winter, and the date and details being left to the president and secretary.

Delegates were elected to the East Calgary Constituency Convention, to be held in Calgary on November 28, E. Kork.

TENDERS WANTED

The Carseland Consolidated School District is calling for tenders, to be received November 24, for the sale of the Horsestrack School Building.

In another month they will offer for sale, the Strathmore School.

Tenders should be addressed to:

W. LAURIE
Sec. Treas. Carseland R.D. 21:10.

Pool Trustees Elected

Permanent Trustees

The following were elected as the permanent Board of Trustees of the Alberta Cooperative Wheat Producers, Ltd., at the meeting of Pool delegates held in Calgary November 12th and 14th:

Chas. G. Pool District—O. L. McPherson, M.L.A., Vulcan.

North Calgary—H. S. Morgan, Youngstown.

South Calgary—B. L. Trimmer, Bassford.

Deer—H. W. Wood, Carleton Place, (re-elected).

Canmore—L. Hutchinson, Dubuque, (re-elected).

Leckridge—C. Jensen, Magrath, (re-elected).

Edmonton—W. J. Jackson, Bremher, (re-elected).

Sixty-nine out of a total of seventy delegates were present.

According to the figure given by Secretary-Treasurer Jackson, the wheat acreage in the pool is 2,536,000. Since these figures were compiled, however, 250 new contracts have been received, and these were not included.

A resolution was passed recommending to the incoming Board of Trustees that the cases where the Pool Contract was not kept the full penalty be exacted.

Twenty-four elevator companies have now signed the pool contract.

It was decided by resolution that if in the judgment of the trustees the growers had made well out of their crops, that a deduction not exceeding two cents per bushel should be set aside for the building or purchase of elevators.

A general explanation was given on matters connected with the Pool, and considerable discussion followed.

Standard News

Owing to the good supply of grain coming forward during the past week, a large amount of grain has been shipped out, and farmers have not been slow to take advantage of all available space, the past week has been a busy one along elevator road.

The quantity of this district is about 55% completed, only one or two machines being in operation.

Nurses Hill has returned from a short visit to Calgary.

Miss Lynda Anderson, who is attending High School in Calgary, spent Thanksgiving at home.

Mr. Jens Castell spent Thanksgiving weekend in Standard.

Meets Tony Jensen and Edward Buchanan were visitors to Banff last week.

A fire broke out last Monday afternoon in Chris. Christensen's barn. Several neighbors rushed to the scene but the fire had a great start and nothing could be done to get it under control. The barn, and green feed were a total loss.

It was noted that the Standard boys who attended the dance at Chancellor last Monday night have got their caps returned to their proper owners?

Visitors to Calgary last week were: Mrs. Chas. Swenson, Mrs. Otto Christensen, Mrs. J. Pringle, Mrs. F. D. Knowlton, Mrs. Horton, Mrs. Miss Helen, Mrs. Miss Alice, Pringle, and Messrs. Chas. Swenson, Leo Larsen, O. P. Larson, F. D. Knowlton, J. F. Pringle, Jack Pringle, Fred Christensen and Mr. A. M. Graham.

Which Mr. McNeill is interested, and thereby helps the efforts of a "black" elevator, and emphasizes special mention to Mrs. Chas. Swenson, who has been carrying standard and had coffee to the weary, exhausted fire-fighters. It is little kindly unbiased ears of this district. It is to be highly commended for its timely and helpful efforts in extinguishing the fire of a fire-fighter in distress.

Upholds Prohibition

Pulpiteers

Editor, Strathmore Standard.

I was interested in reading the editorial in your paper regarding the results of Monday's election, and I certainly appreciate your feeling pretty good on the result. Nevertheless I do take exception to your taking a shot at our ministers. I would say that the north reason that prohibition wasn't more effective is because our churches haven't been more diligent in allowing ministers to speak out against the evils of intemperance. In the old days we were covered up with regular exams from our ministers, and occasionally got some extra from evangelists to be sure the result of our evil doings were not misinterpreted, and my opinion is that if it did us a lot of good on took back a column giving us yours in pretty strong language, as I would say if the preachers have been taking a few Sundays off their usual line to tell their flock, and not called in our much better and more correct in your paper it doesn't look as though they have had very much in order to call the proper attention to their misdeeds, and I think you ought to consider that you have gotten off lucky.

Aside from that point, I believe our Master said something about wine bibbers and publicans, and also drank and was over to liberate the wine bibbers from their sins, so much that the people rebelled in each club and asked: so I believe the good book shows them plenty of license to preach against the sins of our day.

Again regarding your article, it is not a real opportunity which is not an amusing, spending ink thereby, when our government has left the interpretation of the clause so open, and such a splendid chance now to tell them what to do.

Dr. Conybeare's first statement after election was more supporters to the Moderation Movement than all his pre-

decessors in that they were not in an as much would you say, and in support of the Moderation movement.

If a prohibition means anything it is a part of our province very day, as well as parts very well. Why didn't a dry community with government liquor stores, if the majority of the vote was against it, and vice versa.

I know such has been the case in B.C., and finally the people have rejected it and such things being on more elections which costs our taxpayers the small sum of \$20,000.

From some of our election platforms, or discussion list to put it in a nutshell that it was one of original intentions of the Moderationists to ask for local option. You are objecting to prohibition by the clergy, the same rule, needless to say, it preached by the other side, is just as objectionable. From their side, so I would say: "You a little deeper into our platform, and make our legislation more far-reaching."

Yours very sincerely,

C. L. DOYLE.

Our correspondent is under somewhat of a misapprehension, in an editorial we expressed an objection to the use of the pulpit to preach temperance by the way, is not restricted to the application to the drinking of intoxicants, but we did express an objection to the use of the pulpit for the purpose of advertising prohibition of the consumption of intoxicating liquors. The latter not being a sin, at any rate, in the opinion of a very large majority of the people of the Province, as represented in the recent plebiscite.

With regard to the biblical references in the letter, it would be well for our correspondent to study what our Master said regarding "wine bibbers" in Matthew XI. He said that John came neither eating nor drinking and they said he had a devil, but our people in the following terms: "Behold a man drunken, and a winebibber, the son of a publican and a sinner!" and He added: "Thou wisdom is justified of

her children." So that our Master was upon fully subject in His day, to the same kind of criticism that is directed at the present time, against those who are not total abstainers. (Editor Standard)

Strathmore Locals

A son was born recently to Mr. and Mrs. R. P. C. Van Moutan, present Mrs. Van Moutan is a daughter of Mr. C. J. Alkorn. They are now resident at Mr. Van Moutan's place on Java, and were formerly in Strathmore, where Mr. Van Moutan still has interests.

Meows Chas, Fremont, Ardour, N.B., and Anne Dixon, Rockville, N.B., were visiting last week with their cousin, Mrs. M. S. Hirtle.

Mr. James H. Martin, Chinook, Alta., is visiting with her home-keeper, Mr. P. B. Dehnen.

Fifty-five members had joined the Strathmore Cycling Club up till season day morning. As the number is limited to sixty-four, those who intend entering this winter, but have not yet joined, had better get busy right away.

Mr. P. Young, and son, left on Thursday to spend the winter at home in St. John, N.B.

As will be seen from our advertisement columns, Carveland School District are calling for tenders for the sale of the old school buildings.

It is proposed in connection with the social club to be formed in Strathmore, to have a Quadrille Club which may be the means of introducing more variety to Strathmore dances than at present.

ALTASWEDE CLOVER SEED It is expected that some 2,000 pounds of Altaswede clover seed will be threshed in Alberta this year.

An "Apology" from Bert Huilman

Editor, Strathmore Standard.

Having been interested by J. I. Fries, the genial bartender at the Strathmore and Calgary, that the strathmore members of the Council of East Valley Municipality had previously offered to some of my colleagues the terms applied to them to myself in a recent letter, I am cheerfully sending you this public apology to the members of the Standard.

Having called the members of the Council "dirty secondaries," because they have refused and neglected to organize, to spend one cent at public money on nine miles of road in the north-west section of the municipality, while wasting thousands of dollars of the people's money in making good roads around their own farms and in their own immediate districts, I have to apologize for having used the epithet of "dirty secondaries." It is far too mild a term, but the postal regulations would not permit me to use a more expressive name, which is on my tongue whenever I think of these nine miles of ungraded roads.

I accused them of "careless presentation" in shunting out resident taxpayers as a target for their crop-cutting machine to take off on September 15, in the midst of grain cutting, when every resource of a farmer is stretched to the utmost in trying to harvest his crop, while the Council permits a rank outside till operator, residing in Mexico, and owning farm lands in East Valley Municipality, to escape with his mild penalty of having a covered field under his hand.

I was mistaken in calling the "careless presentation" of resident taxpayers living on their farms in the municipality, and struggling against a would-be to hold on to their lands, it is not malicious persecution at all. It is an outrage, and a cowardly crime.

I accused the council of "killing behind the law" to pursue this petty persecution of hard-working, conscientious resident taxpayers, when, through misadventure, have allowed their salaries to be in arrears only one year. In cause a rushing garbage rubbish in the legislature, at the discretion of a council, to deprive a citizen, in general, passed this law permitting municipal councils to dispossess farmers on their last hands, or to refuse to satisfy an impact and the reasonable tax levies, the members of the council took advantage of this power to do to some of the members of the council, which they would not have the courage to do to private citizens.

I apologize for saying that they are "killing behind the law" because not being behind it, they are defiling their timid nature under it. My own great-grandfather, Jerry Starkey was born and raised in Limerick, Ireland, and one day just before he left Ireland for the eastern continent, to join the American revolutionists, the magistrate before whom he stood, he expressed quite readily, and saying "Jerry, why do you expect to do me wrong in July, you have been here, my court every week this entire year, for robbery, larceny, assault, drinking, and fighting on the streets. Why don't you change your ways? Why don't you behave as you did one week in July, when you got into that wharve when you doing that one week?"

"I was in jail in Limerick, once," he replied. So I have inherited, born, an inclination to arrest; and when I travel over budget hotel, slum, and impossible roads, while making excessive taxes for public improvements, my inclination to argue takes on a new life.

Yours for good roads everywhere, but above all the farms of members of the council.

NATURAL GAS AT EDMONTON

On Friday evening thousands of Edmontonians went to the official opening of the Edmonton gas system, when Mayor Duggan lighted the flame on the high pressure line crossing the Fifth Street bridge. Northwestern Utilities Limited, the gas company is operating with 3,000 customers. In the installation of their system this company made an Albert record for the first time. The gas is piped about 45 miles, from Viking. Starting work in July the line pipe line was completed by the end of October, the city distribution system being ready for service a few days later. The gas supply in the proven area at Viking is estimated at sixty million cubic feet. The ten wells drilled for the Edmonton system have a daily flow of forty million cubic feet. The gas is rich in B.T.U's.

M. D. Keoma Meets

The council of M. D. Keoma met in regular session on October 27th, at the council office, the following members being present: Reeve Scratch and Councilors Irving, Petrie, and Danks. The secretary reported on the amount of grasshopper poison used during the season and the amount on hand, stored at Irrigation and Baiting. It was moved that the Department of Agriculture be asked as to the disposal of this material, and also if the grain might be sold locally, as the work was closed for the year in this connection.

The matter of the Municipal point was discussed and correspondence from the Recorder of Brands showing the proper way to use, was moved that the secretary notify the various poundkeepers as to the correct way to use in connection with our pound sales that they may be legally in order.

Messrs Scratch and Petrie were appointed official delegates to Edmonton to attend the Municipal convention on November 1 and 2. The secretary was also appointed to attend the "Secretaries' convention held in conjunction with the Municipal Convention.

The following resolutions were passed and presented to the delegates to take before the convention.

Workmen's Compensation Act. Whereas the Workmen's Compensation Act is applicable to the Municipal Districts and the fees very high and compulsory by legislation, and where as we do not deem the work of road making sufficiently hazardous to warrant protection under the Act, therefore resolved that the act be amended so that those districts may withdraw from the operation of the act if they so desire.

2. Municipal Hall Insurance. Whereas the Municipal Hall Board pays many claims early in the season and snowing conditions are such afterwards that the loss adjustment does not appear fair as regard the threshing yield, therefore be it resolved that the Hall Insurance Act be amended so that the loss in payable in the fall and that the claimant must furnish a threshing certificate as to the yield in the field so the board may judge the loss due by the board.

The secretary presented a financial statement as to the taxes, status of the schools, etc., which was read for the council. This showed that the total taxes collectible for the year amounted to over \$266,000.00 during the previous seven months, only \$25,000.00 had been collected, while in the twenty-seven days immediately prior to the meeting the sum of over \$12,000 had been collected, indicating that the ratemakers were taking care of the tax matter pretty good this fall. On motion the council authorized the secretary to obtain an assistant for the busy season.

Preacher and publisher have incurred the wrath of a lady who writes to the "Bassano Mail" thus:

The Editor, Bassano Mail. Have the gates of hell been loosed in your office? The article on Gossip which you so cruelly printed on that young preacher, Mr. Nesbitt, you are far worse. How could you belittle the ladies so? No, it is not true! It was a true fact. "I must fish for the ladies of Bassano!" And the preacher, he should be painted blue, the two-faced humbug, and the woman should hang him out of the town. But you, Mr. Nesbitt, for printing it, you should be poisoned with these very words you write!

May you never ever prosper.

MAUDE. Maude is somewhat maddened in her retirement. At the next meeting of the Press Association, Bro. Nesbitt will probably oblige with a rendering of "O, Woman with the Serpent's Tongue," and "Come Into the Garden, Maude."

WHO IS SHE?

The identity of "The Wonderful Heroine," whose amazing life story appeared in the Family Herald and Weekly Star, is causing widespread speculation. Her remarkable achievement, under appalling conditions, had leaped more often than aided by her great beauty, most certainly have justified the claim that she was "One woman in an million."

It is now announced that a beautiful portrait of "The Wonderful Heroine," reproduced in all the colors of the original masterpiece, will be given free to subscribers of the Family Herald and Weekly Star, Montreal, that is, to those who subscribe in time.

The Women's Institute wish to thank all, and everyone for their kind donations and services.

The receipts on basket amounted to \$246.00. Total receipts to about \$180.00. (Contributed)

Mr. H. Patrick records a good yield on 10 acres of stubble on his farm north of Baintree. The average was 32.3 bushels of wheat per acre. Last year the same field yielded 42 bushels per acre irrigated summerfallow.

Mr. G. F. Butler has been, since the beginning of the present month, travelling for Galia Ltd., drygoods, and was in his home town last week with a big range of samples. Mr. Butler conducted his services as organizer for the Moderation League in Golden and Bow Valley constituencies at the end of October, and it results can be taken as evidence, he earned his salary.

Note the advt. of Strathmore Trading Co., on another page.

Mrs. Fred Barnett, of Rosely, Alberta, were visitors last week with Mr. and Mrs. A. D. Strathmore, Strathmore.

Geo. Anderson is now employed with the Strathmore Trading Co., while Fred is assistant general manager and assistant to the president, etc., at Tommy Wright's.

Joe Smith is another of the local boys who were out helping to plant the big crop. He is now back in his job at the Strathmore Hardware.

"Bibi," senior, is also back in town again, and having helped Johnny Schultz through a long and tiring run, he has given Bob Anderson a contract to remove his own crop. Frank Seides refused to quote a price, and said he would have to check by the hour.

Col. Williams, D.S.O., who has been employed during the past few months by Mr. A. H. Wilson on his threshing outfit, took a trip to Calgary last week, and was interviewed by a reporter. He stated that he enjoyed his experience harvesting, and states that he is to work in a D.C. lumber camp during the winter.

In course of the interview Col. Williams stated: "stooking was hard at first," he said, "but when I started to pitch, and then to take the spike knicker's job, it was just a rough but I got along fine and I am glad I came."

If Col. Williams, when he gives his statement to his friends who send him up, to get it, finds that they decide to stay at home instead of coming to "this wonderful country," he will be surprised and disappointed. If the scheme works out as he thinks it will, many British ex-officers will be coming to Canada in the early spring to take up farming.

One of the Calgary newspapers is creating a big disturbance regarding the operation of the Tax Recovery Act, which will result this winter in the payment of taxes on the amount of lands and lots by the Municipalities during the winter unless the taxes are paid. While there may be some justification for the outcry on the ground of insufficient publication, yet the point of view of the large majority of landowners who are paying their taxes should be taken into account. On land that is worth the taxes the taxes will be paid. If more latitude is given many taxes will not be paid, and the man who pays will have to pay more to make up the deficiency of the delinquents.

Mrs. E. J. Laydon, of Lloydminster, and formerly of Rockyford, is at present visiting with Mrs. E. E. Thompson.

Messrs Geo. T. and Hugh Berry attended the Calgary Fall Stock Show last week. Hugh bought the first prize Tamworth Boar exhibited there. He named "Strathmore Jumbo," and formerly belonged to the C.P.R. Demonstration Farm at Tilley, Alberta.

Mrs. B. Stanger, who has been visiting with her son, Frank, at home, attended the Women's Institute Social on Thursday evening. She is staying in Calgary for a few weeks, and will then return to her home in Chicago.

The following Friends have been delivered during the past week by W. C. Brown, trustee, Peter McLean, and Whitehouse; couples: Mrs. Brewster and Ben Coal; Susan Jo Voerman.

Strathmore Oddfellows are on invitation for a few weeks in the Memorial Hall on December 14.

The One-Cent Sale conducted by the Strathmore Theatre last week proved very successful.

A tea and sale of Xmas gifts, etc., was held by the Anglican Ladies Guild on Saturday, and attracted a large crowd.

ARMISTICE DAY

In reading over Armistice Day editorial, sermons, etc., it would seem that there is a feeling of disappointment that the world is not further ahead than it is at the present time. It is true that there has been a reaction from the high purpose that inspired us during the war, but in all probability this is only temporary. The march of human progress was greatly accelerated as a result of the successful conclusion of the war.

Numerous nationalities, such as Poland, Czechoslovakia, Estonia and the Holy Land have been freed from the Turks.

The Governments of Germany, Austria, Russia, and Turkey, have been converted from hereditary despotism.

Their present state is anything but perfect, but they have the advantage of being able, as people, to work out their own destinies, untrammelled by the incubus of the principle of despotism, monarchy, and divine right of kings.

The Dardanelles are open and unfortified.

A victory for the Teutonic Allies would have meant the setting back of progress for centuries. The principles of democracy would have been overthrown by those of autocracy. Canada and the other participants on the side of the Allies would have occupied the positions that Germany and Austria do today and we would be governed from Berlin instead of from Ottawa.

The world has not recovered its equilibrium yet after the great struggle, but it is slowly doing so. There is much earnest work and earnest thought needed to make our victory complete.

But we have much to be thankful for. The sacrifice has not been made in vain.

THE OPEN DOOR

Canada, it is stated, has decided to open the door to all immigration, provided the immigrants are physically fit. We doubt very much if this is a wise proceeding.

The immigrant may be brought up to our standard of living. Alternatively, he may depress ours. The United States has found it very necessary to restrict immigration largely because of the difficulty of assimilating its alien non-English speaking population. Immigration of the right kind will probably be beneficial, but increased population will not solve Canada's problems.

C.P.R. and CONTRACT HOLDERS

The C.P.R. would be well-advised to meet with the contract holders committee, and endeavor to come to some amicable understanding. It is a fact that, especially in the Eastern section of the irrigation block, many settlers are realizing what they can on the present crop, and departing. While Western Canada is this year reaping the largest crop in its history, yet there is discontent on account of low prices and high operating costs. Inadequate marketing facilities and a tariff system framed for the benefit of Eastern Canada seem to lie at the bottom of the trouble in the West. The contract holders are quite justified in organizing and presenting a viewpoint of their own, and the C.P.R., which has always been noted for its long-headed policies and financial acumen, will, no doubt, after the preliminary sparring, discuss matters with the committee. After all, it is the settlers who make the country, and their well-being is the paramount consideration with every really successful public utility.

It is a good thing that the dry spell which has existed since the middle of August did not commence at the end of May, otherwise we would not have had much crop to thresh. But it is all right at this time of the year. Carters and skaters are however, wishing to see some real winter.

In another column of this issue we publish a letter from Mr. Bert Huffman. Like most other matter he has written from time to time, it is "hot stuff." We do not agree with the sentiments expressed by Mr. Huffman towards the council, or to the language in which they are worded, and would be willing to bet that the "ungraded" roads near his farm are better than the "graded" roads around Strathmore. However, no doubt there will be a reply from some member of the council in next week's issue to Mr. Huffman's remarks. We remember the last time his correspondent attacked the council, his letter had the effect of a demand for a meeting of the ratepayers of the Municipality. At that

1923 COLD PRODUCTION

The Chief Inspector of Mines recently announced that Alberta's cold production for 1923 had increased shipments from Alberta to Manitoba, Ontario, British Columbia, Saskatchewan, and the United States. The fire movement in the west is reflected in the increased amount of railway steam coal used in 1923.

Mr. Jack Bishop, Calgary, who was singing at the theatre concert at Wayne Friday evening, stopped off for the week-end, visiting Mr. and Mrs. P. Edwards.

Quite a number of Rockyforders went to Reddick's dance Friday.

Consider our eastern friends to a warmer climate than this, they like it. Almost never charged so much as these philanthropists have done. If some of us over a little money, is because they have always taken two pounds of flesh instead of one.

Jim Renne was the lucky winner of a pig at the Bazaar held in Rockyford some time ago.

Say, Jimmie, we are very fond of bacon over our way, and would be tickled to death if we could make a trade of some kind. How would a sack of apples, and a nice gentle goat, with twokids in real money suit you?

In our opinion Mrs. McFarley is a divorcee without giving her a trial. He could have kept that pretty baby in a glass case and had lots of fun with the children, for they surely were all dying to get it.

When in doubt, Mr. is guided by the advice of a married man.

Church services were resumed in the school house last Wednesday. It is noted that you will receive a cordial welcome any time you care to attend.

Congratulations to Mr. and Mrs. W. A. Hatt on the arrival of a baby boy, which will be known by the name of Donald. Mrs. Hatt had a very nice and a great hand for drawing it, and we will wish you all the luck in the world.

Baintree Notes

Don't forget the social in the school house on Friday, November 23rd. Miss Wyman has a splendid programme arranged, and you will be well repaid for your trouble in coming down for the evening.

The death of Mrs. James Leach, caused a deep gloom over this community, where she was deeply loved and respected for her many fine qualities. The sympathy of the entire district goes out to the parents and husband of the deceased lady, in their hour of great bereavement.

Mr. and Mrs. William Bullock were visitors to Calgary last week. Mr. Bullock, who is enjoying a brief leave of absence, also spent a holiday at his farm in the Hanna district.

At a meeting of the Improvement League, held recently, it was suggested that the western farmer be placed on strictly cash basis. Go to the store, pay for your goods. When it is time to pull out the debt in the winter, we know of one way that will look around for some good banking wire and

Harvey News

Mr. and Mrs. Chas. Voss, of Calgary, who were at the Bazaar last week, report the business still running, with a number of enquiries through this part of Alberta and southern Saskatchewan, down as far as the border, still to be had. This season.

The Johnny Schultz threshing machine is in the neighbourhood of a number of fields of grain. Some of this grain, although quite badly hauled is turning out better than expected.

Mr. Herbert Peters, who has been visiting at his aunt, Mrs. Julius Schultz, for the past three years, has finished his summer's work in the harvest fields and is planning on a trip back to his home in Belgium. He will be back in a few weeks with relatives in Calgary.

There was a poultry mixer in this district on Friday, but from all we can learn was not very successful in getting many new as it was offering a very low price.

Mrs. W. Laycraft, with her two sons, has moved into her home in Strathmore for the winter. And, although Mrs. Laycraft speaks to be looking after things at the ranch, she will soon be found most of the time with his family in town.

Mr. and Mrs. J. J. Shuter took a very pleasant motor trip Sunday to Baintree and a number of points in the Standard district.

Mr. and Mrs. Frank Frazier and family, from Turner, took a postponed Thanksgiving dinner with Mr. and Mrs. J. P. Lowry at the "Tree Post" ranch.

J. E. Patterson, L. Albers and Ole Anderson made a trip by auto to Drumheller Museum and Morrin on Sunday. In the interest of Mr. Anderson, who has land holdings in the Bowley country. They report heavy crops and plenty of threshing yet to be done.

Mrs. H. S. B. Chamberlain, and daughter, Miss Gertrude, were visitors in Calgary for a few days last week. They report Miss Marion, who is attending Normal in the city, as making very commendable progress in her school and enjoying the work very much.

Mr. and Mrs. J. J. Shuter, Mr. and Mrs. J. P. Lowry and Mr. J. Patterson were business visitors in Calgary last week.

There was quite a scare for a short time in this neighbourhood on Saturday last, when a bad looking fire started in the C.R. spillway, adjoining a piece of wheat belonging to J. B. Chamberlain, and for some time threatened the crop, but by prompt and efficient action on the part of a number of the nearby neighbors, the fire was soon brought under control, and no damage was done.

Mr. Walle, of Calgary, spent Thanksgiving day with his sister, Mrs. Jack McKay and family.

Mr. Stanley McKay who is attending Normal school in Calgary, was home for the Thanksgiving recess. Mr. H. Konda has finished threshing and pulled in his machine for this season.

HAVE YOU A Dollar's Worth of Confidence in Your Red Cross?

Your Red Cross is once here calling upon you in the name of suffering humanity to give your money, but not your time. Not a minute may be wasted. The annual drive for membership and finance is now on. Contributors in your district will call upon you soon. Be ready for them and do your best to give.

Give a Bushel of Grain if you prefer to give that way. Your elevator man will tell you how.

It is estimated that if each farmer with a section gives 2 bushels, with 12 section gives a bushel, that, and a bushel donation from the local and other, the Alberta Division quota of \$12,000 will be reached easily. This plan has the endorsement and recommendation of the Lieutenant-Governor of the province, the committee of the Alberta Wheat Pool, the Alberta Elevator Committee.

Many new Red Cross activities in rural districts are planned for 1924.

Greater rural hospital and nursing service facilities and in addition a special course of home nursing classes will be conducted throughout the month and breadth of Alberta under the direction of qualified nursing experts which everyone will have a chance to attend. Send 25 cents for the manual on Home Nursing. It is a most complete book filled with information essential to health.
